

# Heian Godan

*Heian Godan* is the last kata in the *Heian* series and has 23 counts. A combination of quick and slow movements, timing skill and fluidity of motion are essential for this kata. It is the first Shotokan kata containing a jump (*tobi-komi*), a very exciting technique for beginner and intermediate karateka. *Mikazuki-geri* is also first seen in H5. The *mizu-nagare-kamae* at the beginning of the kata and the *shuto-uchikomi/manji-uke* combo at the end are extremely vital for proper kata performance. *Bunkai* for H5 involve many throws, locks, and takedowns.
